Washington, DC 20554

In regards to: XM and Sirius Merger

Dear Mr. Martin,

Please allow XM and Sirius to merge. In my opinion the merger will be good for consumers, like me and you. It will mean satellite radio will be able to give consumers choice of content at a fair price. Also the radio receiver will become common like TV's are. Please Sir, a vote for this merger means choice and common equipment. Thank you for your consideration.

Respectfully yours,

A handwritten signature in cursive script that reads "Philip Silverman".
